## Here's what other Holiday Park owners say about us.

We are rated Excellent on  **Trustpilot**   
Excellent

### *Burrowhead Holiday Village. Scotland*

"I was provided a first class service. From the first phone call to the initial cash pay-out from HMRC took only 4 weeks (and this was while in Lockdown due to Covid 19). Throughout this time my accountant and myself were kept up to date, with everything explained at each step. Other than giving some general information they did everything. A big thank you for all their hard work and expertise."

### *Stone Pitt Holiday Park. West Wales*

"I would highly recommend, all done quickly and they are easy to talk to or contact if I had any questions. Professional quality service."

### *Tencreek Holiday Park. Looe*

"I had never heard of embedded capital allowances on Holiday Parks until speaking with Zeal. The process was hassle-free securing a pool of tax savings and cash rebate swiftly, which I was delighted to receive. I would encourage all park owners to speak with them!"

### *Eastland Meadow Country Park. Essex*

"Found this company to be very professional and efficient. They got me a substantial amount of tax back that I wouldn't have had if they hadn't contacted me. They dealt with everything. Would definitely recommend. Well done and thank you very much."

### *Lanyon & Laurels Holiday Parks. Cornwall*

"This company did a great job for us, they were very efficient, extremely professional and always quick to respond if we had any queries. They have saved us thousands of pounds in tax. We had no idea that this tax could be offset against capital allowances, until they got in touch with us [via BH&HPA]. We have the utmost confidence in recommending them to anyone who owns a holiday park or holiday properties, you may be entitled to tax savings, it costs nothing to find out. Thank you very much."

### *The Willows Caravan Park. North Wales*

"Excellent from start to finish. Highly recommend! Super communication and money recovered with ease. I was very sceptical to start with but they happily provided names of other parks they had helped (one we happened to know). We did some homework and contacted our accountant and then proceeded to contact businesses whom they had dealt with. Each one's feedback was positive and as such we thought we have nothing to lose. The decision to proceed was rewarded. Yes they take a cut, but they do all the work which we would not have had a clue how to do ourselves. The whole process was effortless, and within the blink of an eye a nice recovered tax sum in our account, and tax deductions for future year. Happy days!"

### *Hillcrest Holiday Park. Northumberland*

"We were a bit sceptical at first, but discussed it with our accountant and decided to give it a go. There are no upfront fees, and the process was straightforward and very transparent. We received a refund and both we and our accountant were impressed with the service."

### *Overbrook Caravan Park. Yorkshire*

"Very impressed with the way they dealt with our case, making the process straightforward and stress free. We didn't expect that we would be able to benefit so successfully so certainly glad we pursued it. Would definitely recommend other parks use them to deal with this on their behalf"

### *Hightfield Farm Caravan Park. Richmond*

"The whole process ran very smoothly, they kept in touch with how proceedings were going and was very confident from the start that we receive tax savings. It took up none of our time apart from the initial site survey and signing any agreement forms. We would recommend to any other companies who are in two minds whether to go ahead with the claim. They gave a very efficient service and we were very happy with the end result."
